Summary

MCA student with a keen interest in software development and emerging technologies. Eager to learn, gain practical experience, and enhance my technical skills while contributing effectively in a collaborative work environment and supporting the organization's growth. Experience: Fresher/persuing

Education

Vivekananda College of Engineering and Technology
Master of Computer Applications (MCA)

Puttur, Karnataka
November 2025 – Present

St. Joseph's Degree College
Bachelor of Computer Applications (BCA) — CGPA: 8.13

Somwarpet, Karnataka
2022 – 2025

Skills

Programming Languages: C, Java

Web Development: HTML5, CSS3, JavaScript, Bootstrap, AngularJS

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, XAMPP, Adobe Photoshop, Canva

Soft Skills: Communication, Teamwork, Leadership

Projects

AirGuard AI – Predictive Air Quality Monitoring System

- o Built a real-time environmental dashboard using OpenWeather API, global satellite data, and Leaflet.js for precise Air Quality Index (AQI) tracking.
- o Implemented a robust Flask and MongoDB backend with an emergency response module featuring Twilio mass SMS and a Web Speech AI assistant.
- o **Technologies:** JavaScript (ES6+), HTML/CSS, Python (Flask), MongoDB, Twilio API, OpenWeather API, Leaflet.js
- o **GitHub:** github.com/Srijan-BH
- o **Live URL:** airguard-system.netlify.app

NGO Volunteer Management System

- o Developed a full-stack platform for non-profits to streamline volunteer onboarding, leveraging Mapbox and MongoDB for location-based event mapping.
- o Implemented secure JWT role authentication and real-time chat functionality using WebSockets (Socket.IO).
- o **Technologies:** Python, Flask, MongoDB Atlas, JavaScript, WebSockets (Flask-SocketIO), Mapbox API, HTML5/CSS3
- o **GitHub:** github.com/Srijan-BH
- o **Live URL:** ngo-volunteer-system-x469.onrender.com

Certifications

- o **Google for Developers – Build with AI Bootcamp (2026):** Completed hands-on training in AI agents and Generative AI workflows.
- o **Docker and Kubernetes: The Complete Course from Zero to Hero (Udemy, 2026):** Completed hands-on training in Docker, Kubernetes, and containerized application deployment.
- o **Full Stack Web Development with MERN Stack & GenAI (Udemy, 2026):** Completed hands-on training in MERN Stack, REST APIs, and Generative AI.
- o **VTU Elite Gold – Research Methodologies and IPR (2026):** Completed a 3-credit certification in Research Methodologies and Intellectual Property Rights (IPR).

Additional Information

Languages: English, Kannada, Tulu

Interests: UI/UX Design, Web Development
